

Code of Ethics

In order to reach my full potential as a member of the CKI Board of Representatives, I will hold true to the following statements:

- I will keep the CKI mission at the heart of my decisions.
- I will share information, exchange ideas, and actively involve the membership.
- I will keep information private when appropriate and/or asked to do so.
- I will hold myself accountable and accept responsibility for my own actions.
- I will prioritize my obligations outside of CKI.
- I will be an active member of CKI outside of my role on the Board of Representatives.
- I will confront the issue, not the person.
- I will be approachable.
- I will act as a source of non-judgmental support to the Board of Representatives.
- I will communicate problems, express concerns, and discuss issues with my fellow board members.
- I will be timely with my communications.
- I will strive to uphold the governance of the organization.
- I will foster fellowship.
- I will respectfully listen to fellow board members.
- I will promote and support all projects, programs, and initiatives.
- I will support an inclusive environment.
- I will remain future oriented, and solution focused.
- I will strive for excellence.
- I will lead by example.
- I will be prepared and punctual.
- I will seek assistance when necessary.
- I will strive to be aware of current issues affecting CKI.
- I will be open to feedback.
- I will challenge the status quo.
- I will, as a member of the first CKI Board of Representatives, endeavor to set a firm foundation for future CKI Boards of Representatives.
